

Cowhide Rug

Conifer

AVO

Conifer | Rust

Bring the outside in with Conifer. This hand painted design makes an impact with its softness and scale. Let yourself dream about escaping to the woods, feeling the crisp air and the smell of fresh pine.

Hand dyed graphics create a modern juxtaposition between material and pattern. Our cowhide rugs enhance any space by creating a striking focal point. Each one is crafted to order in our Brooklyn studio and no two pieces are exactly alike.
